PARTS AND FUNCTIONS

Mounting

The installation height is suggested to 145~160cm.

1. Use screws to fasten the mounting bracket to the wall with mounting box.
2. Connect the 2 wire cables to the unit.
3. Mount the unit to the mounting bracket, make sure the magnet on the unit is absolutely attached to the mounting bracket.
4. Final view.

Terminal description

L1,L2: Bus line terminal.

SW+,SW-: Extra door bell call button connection port.

Ring,GND: Extra buzzer connection port.

NC: Undefined.

DIP switches: Total 6 bits can be configured.

- **Bit1~Bit5:** User Code setting.
- **Bit6:** Set to **ON** if the monitor is at the end of the line or works with DBC4A. Otherwise, set to **OFF**.

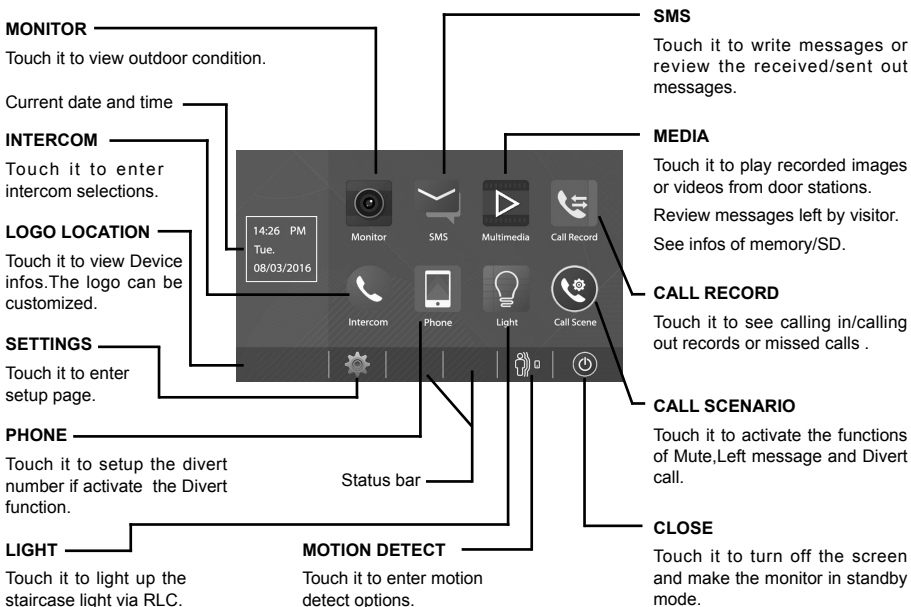

PARTS AND FUNCTIONS

Screen

Main Menu

The Main menu is your starting point for using all the applications on your monitor. You can customize your Main menu to display your logo.

Press **[HOME]** button or touch anywhere of the screen on monitor in standby mode, the Main menu will appear as follow:

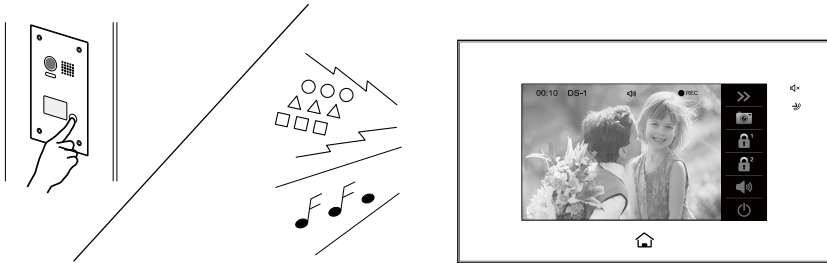

While talking with a door station

Note: The 5 direction pad operation should make effective with **fish-eye** door station.

BASIC OPERATIONS

Answering a call

- When there is a call from a video door station. The call tone sounds, an image will be displayed on the screen.
- Touch  icon on screen, begin communicating hands free with the visitor for 90 seconds.
- While communicating with the visitor, unlock the door, capture images/videos and adjust screen & volume are available. More details, please refer the following descriptions.

Note: If nobody answers the phone, the screen will be turned off automatically after 40 seconds.

Monitoring cameras while being called/talking

It's available to select cameras to monitor while being called.

Max. 16 cameras can be selected to monitor, 4 cameras is default.

Follow the steps:

BASIC OPERATIONS

Adjusting image scale while being called/talking

It's available to adjust image scale while being called. Total 3 image modes can be selected.

Follow the steps:

Compare the difference of these 3 image modes:

To complete communication

- Touch  icon on screen or press the [HOME] button to complete the communication.

Note: Communication also ends automatically after 90 seconds.

1.Receiving a call while talking with a door station

- Other door stations calling is forbidden
- Conclude current talking to answer the new call-in

2.Receiving a call while talking with other monitors

- The talking will stop immediately, call tone sounds in normal.
- The video image from the door station is displayed on the screen, talking,unlock,capture images/videos, adjust screen&volume are available.

BASIC OPERATIONS

Pan-tilt & Zoom
